The City of Post  
Post Community Advertising  
Post, Texas 79356

The Hotel Occupancy Tax Committee is in the process of upgrading a comprehensive Visitor's Guide for the City of Post. It has been six (6) years since the previous guide was printed. We want all of our local businesses and organizations to be included in this guide. Your ad will be **free of charge** and the guides will be distributed to visitors coming to Post as well as outlying areas, and throughout the state to promote our town.

To be included in this Visitor's Guide, you will need to furnish business information and pictures, by e-mail, to **greg.mprint@att.net**.  
Ads need to be high resolution & digital ready in jpg or pdf format.

If you want MPrint to build your ad, you will need to send your business name, phone, address & any other information you'd like included, via e-mail.

All ads must include a phone number in case we have questions regarding your ad & need to contact you.

We will go to production with this in October. All ads and/or information must be turned in to MPrint printing no later than **September 30<sup>th</sup>**. **This is the deadline!**

We are excited to have an informative guide to Post with up-to-date information about all of our businesses and organizations. We look forward to the possibilities of those that this guide may bring in, and the opportunity to show off our unique shopping experiences and educational museums as well as other community information, options and resources.

Thank you for your time and effort with this project. If you have any other questions, please contact Pixie Grisham or Greg Duran @ MPrint Printing.
